

Revolutionize Your Supply Chain with RFID

Tech capabilities driving business benefits

From manufacturer to last-mile delivery, we integrate RFID into every layer of your operations to drive automation, precision, and strategic advantage.

Enhanced Accuracy

Real-time inventory updates; no counting errors; better stock accuracy.

Data-Driven Decisions

Instant insights to optimize stock, promotions, and sales.

Operational Excellence

Faster receiving, less manual work, smoother retail execution.

Reduced Order Mark-Out

Minimized stockouts and missed order fulfillment.

SAP EWM Integration

Real-time sync with SAP EWM for seamless operations.

Automated Posting

RFID tunnels auto-post GRN in SAP, no manual input.

Key differentiator

Industry Expertise

Deep understanding of fashion retail challenges and trends.

Scalable & Future-Ready

Built to grow with your business and tech advances.

Supply Chain Integration

End-to-end RFID for total supply chain efficiency.

Vendor-Neutral Approach

Objective vendor selection for optimal solutions.

Customization

Tailored RFID solutions addressing specific operational needs.

Proven Track Record

Multiple Successful RFID pilot programs & implementations.

Parameters for RFID design consulting

Quantitative Factors

- Data and Reporting Capabilities
- Sales and Customer Experience
- Operational Efficiency Metrics
- Stock replenishment times
- Inventory accuracy and efficiency
- Cost benefit analysis

Qualitative Factors

- Alignment with Business Strategy
- Vendor Expertise & Support Services
- Implementation Complexity
- User Experience
- Data Privacy & Security
- Flexibility for Future Needs

Körber Stellium's impact on your business

End-to-End Traceability

Complete visibility of product movement.

Vendor Accountability

Quality and accuracy from the source.

MRP, Batch & Quantity Accuracy

Control over sensitive product data.

Reduced Shrinkage & Loss

Real-time tracking prevents theft.
